Class 1-D

Nedzu Chuuta

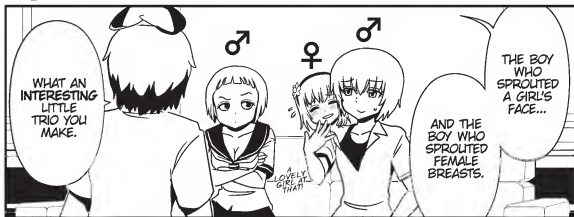

Mouse Boy

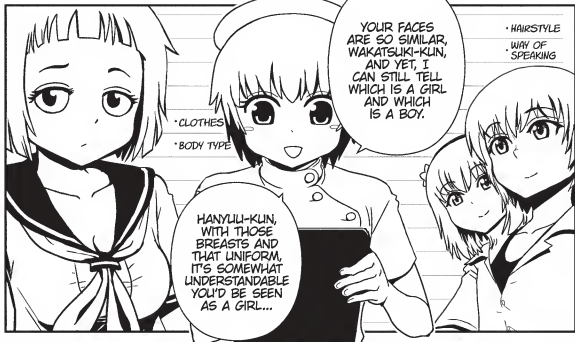

- Has the small build of a child with the rounded ears of a mouse, a long, thin tail, and strong front teeth.
- While he is timid and anxious, his small size and cute nature are seen as strong advantages.
- He has followed the student council vice president Kiryuuin-san around since elementary school, so even though he's only in his first year of middle school, he was included in the student council and allowed to work for them.
- Among the members of the student council, his thoughts and feelings are closest to those of the general student body, and he is one of the more grounded and thoughtful council members.

The "nurse teacher" evolved from the traditional position of "school nurse."

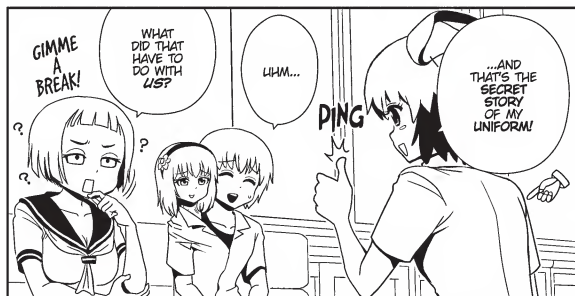

- 1905 The school nurse position is established as a way to fight eye disease.
- 1922 The full-time in-house position of School Health Nurse is established.
- 1929 The Ministry of Education enacts "The Regulation for School Nurses."
- 1941 Qualifications for nurses now include a community education requirement.
- 1947 A school law is established and the position is renewed as "nurse-teacher," with nurses also charged with teaching about health.

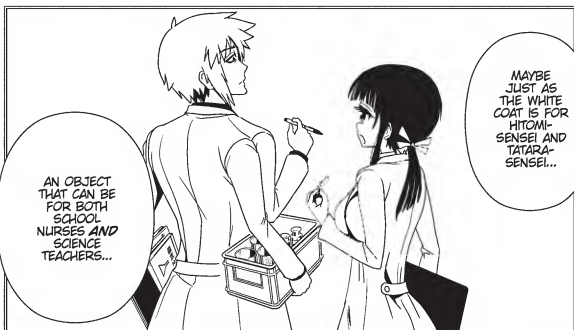

If we follow history...

Assistant School Nurse

Itsuki Midori

Plant-Body Assistant Nurse

- Comprised of a large amount of chlorophyll, Itsuki's green hair and eyes can take in sunlight and photosynthesize it. Oxygen can be used to help wounds heal faster.

- Numerous plants possess male and female sex organs in order to produce androgynous blossoms, so there are many cases of people with plant-type bodies developing similar reproductive organs.

- After graduating nursing school, Itsuki passed and gained school nursing qualifications from an extra course. Currently, Itsuki is trotting assisting Hitori-sensei as an assistant school nurse, studying various things in the hopes of taking the teacher employment examination.

EXTRA TALK

BLOOMERS
ARE
TYPICAL
IN THIS
WORLD.

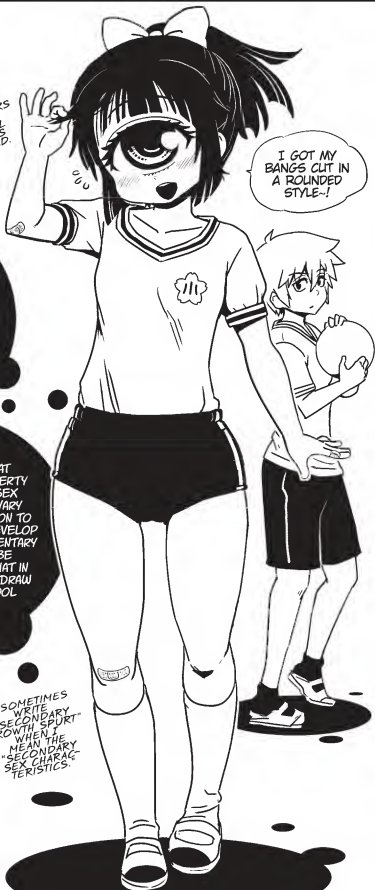

I GOT MY
BANGS CUT IN
A ROUNDED
STYLE~!

MY EDITOR MADE
SOME COMMENT LIKE
"NO LOLI CYCLOPS?"
AND IT SEEMED
DIFFICULT WITHIN THE
RULES OF HITOMI'S
WORLD, SO I PUT
THE IDEA ON HOLD.

BUT SINCE THE
DIFFERENCES THAT
EMERGE DURING PUBERTY
(THE SECONDARY SEX
CHARACTERISTICS) VARY
GREATLY FROM PERSON TO
PERSON, KIDS WHO DEVELOP
EARLIER (LIKE IN ELEMENTARY
SCHOOL) WOULD BE
NOTICEABLE. WITH THAT IN
MIND, I WAS ABLE TO DRAW
ELEMENTARY SCHOOL
HITOMI-CHAN.

THE "SEX" OF
THIS WORLD'S
"SECONDARY SEX
CHARACTERISTICS"
AREN'T JUST THOSE
THAT INDICATE AN INDIVIDUAL'S GENDER.
WELL, THAT MAY BE
PART OF IT, BUT
THERE'S MORE TO
IT THAN THAT.

I SOMETIMES
WRITE
"SECONDARY
GROWTH SPURT"
WHEN I
MEAN THE
"SECONDARY
SEX CHARACTERISTICS."

READING DIRECTIONS

This book reads from *right to left*, Japanese style. If this is your first time reading manga, you start reading from the top right panel on each page and take it from there. If you get lost, just follow the numbered diagram here. It may seem backwards at first, but you'll get the hang of it! Have fun!!

AN EYE TOWARDS THE PAST...

Being the school nurse at a middle school full of monsters can be a tough job, but Nurse Hitomi is always there for her students. Luckily, she doesn't have to go it alone. Backing her up are Itsuki, a plant-person intrigued by human sexuality, and Tatara-sensei, the four-armed, sarcastic science teacher. But how did these strange people come into Hitomi's life in the first place? Learn the secrets of Hitomi's past in this heartfelt and hilarious volume of *Nurse Hitomi's Monster Infirmary*!
